

Information for Patients With Acute Myeloid Leukemia (AML)

**someday
is today®**

Wednesday, July 1, 2015
1:00 PM to 2:00 PM Eastern Time
12:00 PM to 1:00 PM Central Time
11:00 AM to 12:00 PM Mountain Time
10:00 AM to 11:00 AM Pacific Time

Dear Participant,

On behalf of The Leukemia & Lymphoma Society (LLS), thank you for registering for the upcoming free telephone/Web education program, *Information for Patients With Acute Myeloid Leukemia (AML)*, with featured speaker Mark B. Juckett, MD. We are pleased you will join us for this program. Support for this program provided by Boehringer Ingelheim Pharmaceuticals, Inc. and The Leukemia & Lymphoma Society.

Participate in this program by selecting one of two convenient ways:

Telephone: Please call toll-free (844) 469-2538, Password "LLS" (you may also mention Conference ID: 4359 9533) 15 minutes prior to the start time.

Note: In order to join this conference call, you will be required to provide either the Password or the Conference ID number listed above.

Computer: Please log into www.cancereducation.com/AML 15 minutes prior to the start time.

Included in this packet you will find:

1. Program Agenda
2. Dr. Juckett's Biography
3. Program Evaluation: www.LLS.org/tweval or prepaid envelope provided
4. Flyer: *Advocacy Flyer and Online Chats*
5. Flyer: *Information Specialists/TrialCheck®*
6. Flyer: *Telephone and Web Education Programs and Web Education Videos*
7. Flyer: *Publications in English and Spanish*
8. Brochure: *Resources and Support*

Presentation slides will be available the day of the program by visiting www.LLS.org/programs.
(Click on the program title to access the slides.)

If you need additional program packets, please call toll-free (855) 676-7723. To download or order free educational materials, please visit www.LLS.org/publications. To access materials in Spanish, please visit www.LLS.org/materiales.

For more information about this or other programs and services offered by LLS, please call an LLS Information Specialist toll-free at (800) 955-4572. Information Specialists are master's level oncology professionals who are available to assist you.

We look forward to your participation in this program and thank you for joining us.

Sincerely,

Elizabeth Kitlas, LMSW

Sr. Director, Patient Programs and Education Content

The Leukemia & Lymphoma Society

Agenda

Wednesday, July 1, 2015

1:00 PM to 2:00 PM Eastern Time

12:00 PM to 1:00 PM Central Time

11:00 AM to 12:00 PM Mountain Time

10:00 AM to 11:00 AM Pacific Time

- 12:45 PM ET **Join the Program**
Dial-in: (844) 469-2538
Password: "LLS" or Conference ID: 4359 9533
Note: In order to join this conference call, you will be required to provide either the Password or the Conference ID number listed above.
Log-in: www.cancereducation.com/AML
- 1:00–1:05 PM ET **Welcome and Introductions**
Lizette Figueroa-Rivera, MA
Senior Manager, Patient and Professional Education Programs
The Leukemia & Lymphoma Society
- 1:05–1:35 PM ET **Presentation**
Mark B. Juckett, MD
Vice Chair for Clinical Affairs and Quality
Associate Professor
Department of Medicine
Division of Hematology/Medical Oncology/Bone Marrow Transplantation
University of Wisconsin School of Medicine and Public Health
Madison, WI
- Dr. Juckett will:
- Define acute myeloid leukemia (AML) subtypes
 - Identify current and emerging treatment options for AML
 - Explain how to manage disease and treatment-related side effects
 - Discuss the role of clinical trials in improving treatment outcomes
 - Review the importance of communicating with your healthcare team
- 1:35–1:55 PM ET **Questions and Answers with Dr. Juckett**
- 1:55–2:00 PM ET **Summary and Conclusion**
Lizette Figueroa-Rivera, MA

Biography

Mark B. Juckett, MD

Vice Chair for Clinical Affairs and Quality

Associate Professor

Department of Medicine

Division of Hematology/Medical Oncology/Bone Marrow Transplantation

University of Wisconsin School of Medicine and Public Health

Madison, WI

Mark B. Juckett, MD, is the Vice Chair for Clinical Affairs and Quality and Associate Professor of the Department of Medicine, Division of Hematology, Medical Oncology, and Bone Marrow Transplantation at the University of Wisconsin School of Medicine and Public Health in Madison, Wisconsin, since December 2000. After receiving his medical degree from the University of Louisville School of Medicine in Kentucky, he completed his residency and fellowship at the University of Minnesota. Dr. Juckett received board certifications in hematology and medical oncology.

Dr. Juckett provides inpatient and outpatient care for patients with blood cancers and for those in need of blood and marrow transplantation. He has developed and/or assisted in the development of innovative treatment protocols for leukemia and methods of transplantation, and he has a strong interest in the improvement of health care delivery. With over 25 years of experience in blood and bone marrow transplantation, his clinical interests include acute myeloid leukemia (AML), myelodysplastic syndromes, other hematologic malignancies, hematopoietic stem cell transplantation and cancer immunotherapy.

Dr. Juckett has authored/co-authored numerous peer-reviewed journal articles in his field. He was honored with the Best Doctors in America® award in 2011, 2013 and 2014 and was recognized as one of *Madison* magazine's Top Doctors in 2012 and 2014.

Program Evaluation

Your feedback is important to us and is used to help design future education programs. **Complete this form** or complete it online at www.LLS.org/tweval to be entered to win a \$25 gift card. (See end of form to complete your entry.) Thank you.

1.) Are you a cancer patient/survivor? Yes No

If you are not a cancer patient/survivor, what is your relationship?

- Caregiver Family Member Friend/Concerned Individual
 Physician Nursing Professional Social Worker
 Other Healthcare Professional Other

2.) What is your ZIP/postal code? _____

3.) Email address: _____

4.) As a result of participating in this program, to what extent do you agree with the following statements?
(Select one answer for each.)

	Completely Disagree	Somewhat Disagree	Somewhat Agree	Completely Agree
I am knowledgeable about acute myeloid leukemia (AML) subtypes	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
I know the current and emerging treatment options for AML	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
I know how to manage disease and treatment-related side effects	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
I know the role clinical trials play in improving treatment outcomes	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
I feel prepared to communicate with my healthcare team	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

5.) I will discuss the following topics presented in this program with the healthcare team (choose all that apply):

- Diagnosis Treatment Clinical Trials Side Effects Management
 Prognosis Long-term Effects Other _____ None

Please explain: _____

6.) Please describe any information you expected to get from this program and did not receive.

7.) What is the patient's/survivor's age?

- Under 19 19–30 31–40 41–50
 51–60 61–70 71 or older

Information for Patients With Acute Myeloid Leukemia (AML)

8.) What is your age, if you are *not* the patient/survivor?

- Under 19 19–30 31–40 41–50
 51–60 61–70 71 or older

9.) What is your gender? Male Female

10.) How long has it been since the patient/survivor was diagnosed?

- Less than 30 days 1–3 months 4–7 months 8–11 months 1–3 years
 4–7 years 8–10 years 11–20 years More than 20 years N/A

11.) What treatments have you/the patient had?

- Chemotherapy Autologous stem cell transplantation Allogeneic stem cell transplantation
 Single drug therapy (IV, oral or subcutaneous medication) Radiation therapy Other (*please specify*)
 N/A

12.) Are you/the patient enrolled in, considering, or a past participant in a clinical trial?

- Enrolled in a clinical trial Considering participation in a clinical trial
 Have been a participant in a clinical trial N/A
 Have not considered participation in a clinical trial (*please comment*) _____

13.) Following this program, do you feel more prepared to discuss treatment and disease management with members of the healthcare team?

- Yes No N/A

14.) Please give us any additional feedback about this program.

Complete this section to be entered to win a gift card. Your information will be used for this purpose only.

First Name: _____ Last Name: _____

Email Address: _____

or complete mailing address, including ZIP/postal code: _____

If you have additional questions following this program, please contact an LLS Information Specialist toll-free at (800) 955-4572 or infocenter@LLS.org.

Mail this completed form in the self-addressed stamped envelope provided, or send to:

REACH OUT TO OUR INFORMATION SPECIALISTS

The Leukemia & Lymphoma Society's (LLS) Information Specialists provide patients, families and healthcare professionals with the latest information on leukemia, lymphoma and myeloma.

Our team consists of master's level social workers, nurses and health educators who are available by phone Monday through Friday, 9 am to 9 pm (ET).

For a complete directory of our patient services programs, contact us at
800.955.4572 or **www.LLS.org**

(Callers may request a language interpreter.)

TrialCheck® A Clinical Trial Search Service

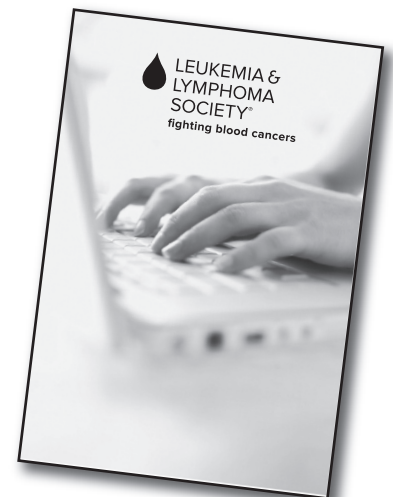

The Leukemia & Lymphoma Society (LLS) is pleased to offer TrialCheck®, a clinical trial* search tool.

After answering a few short questions, healthcare professionals, patients and caregivers can immediately access listings of clinical trials for leukemia, lymphoma, myeloma and other blood cancers. Search results show clinical trials targeted to a patient's diagnosis, disease type and stage, and zip code preference.

The service is accessed through the LLS website www.LLS.org/clinicaltrials or by calling an LLS Information Specialist at (800) 955-4572.

**A cancer clinical trial is a carefully controlled research study conducted by doctors to improve the care and treatment of cancer patients.*

Supported by The Leukemia & Lymphoma Society with sponsorship from Celgene Corporation and Takeda Oncology. TrialCheck® powered by eviti® | Clinical Trials.
